ENTRY PROCESS

All **Aerial Addicts** categories at *Bend The Air* are a 2 phase competition process. Phase 1 is a video audition submission which will be assessed by our review panel to determine who is eligible to move onto phase 2 - the live competition phase.

STEP 1: COMPETITOR REGISTRATION

All competitors must first register for the competition and pay the **non-refundable \$25 registration fee**. This can be done via the *Bend The Air* website. Each competitor is only required to pay this once per competition and can then enter as many sections as desired (including groups).

Your competitor registration gives you:

- Video auditions submissions for Aerial & Circus Categories.
- Access to competition entries.
- Access to presale spectator tickets, where available.

STEP 2: AUDITION SUBMISSION

Once you have registered as a competitor, you will then need to submit an audition via the *Bend The Air* Website. There is no fee for submitting auditions, as this is covered by your competitor registration. Complete the online form and submit your audition video. Audition videos are to be uploaded to the DropBox link provided after you complete the online form. You may audition for more than one category.

The review panel reserves the right to move your entry to a different section than what you originally entered, if they deem it to be more appropriate based on your audition submission.

AUDITION VIDEO REQUIREMENTS:

- Audition pieces are to be a minimum of 2 minutes and a maximum of 5 minutes in length. The recorded video is to be one continuous recording and audio is to be recorded with the video and not edited in after.
- You must show all drops and high-level manoeuvres in the video that will be executed at the competition. Your audition does not have to be exactly the same as your final routine but must be a true and accurate reflection. Any alterations to these skills must be approved by *Bend The Air* prior to performance. Failure to have these changes approved may result in deductions or disqualification.
- Costumes are not required for auditions, however, clothing must contrast the background and chosen apparatus to ensure clear visuals of the performer. The video must be taken at a wide-angle to show the full performer, apparatus and any props for the entirety of the routine.

STEP 3: ROUTINE ENTRY

You will receive your audition results via email to the address provided in your audition form. If the applicant is successful, an additional entry fee, per routine, will be required by payment online, upon submission of the routine entry form.

Lyra Routine entry fees are as follows:

AERIAL ADDICTS	Solo	\$50
----------------	------	------

PLEASE NOTE:

- Entries past the closing date may be accepted (up to the discretion of event organisers) and will incur a \$20 late submission fee.
- All entries are non refundable and non transferable. If you are no longer able to attend an event, it is a courtesy to inform event organisers by emailing contact@bendtheair.com.au

RIGGING & EQUIPMENT

For *Bend the Air's* aerial categories, competitors have the opportunity to use the standardised 'in-house' apparatus that are provided by Trix Circus. This includes both silks and lyras - selection of these apparatus' including size, colour etc. are made when submitting the entry form. Trix Circus is an Australian company with over 70-years of experience building circus equipment. Their equipment is built here in Australia by advanced and experienced riggers. It is regularly tested to destruction to ensure quality and safety.

Competitors are also able to provide their own apparatus, however they must be able to provide certification and structural information to competition organisers.

Rigging will be from a single point in the centre of the stage. Specific rigging and staging information for each venue will be provided via the BTA website.

During the entry submission process, competitors will be able to submit their preferred 'set' height for their lyra. This is to be accepted in set increments of 10cm (e.g. 100cm, 110cm, 120cm etc.). Before your performance, the rigger will set your height using the provided measurement. Measurements will be taken from the top of the mat to the bottom of lyra, when held at tension. Competitors should choreograph and practice their routines using the set height that they intend to use at the competition.

SAFETY MAT

As an additional safety component at *Bend The Air* competitions, we have teamed up with Absolutely Anything Gymnastics (AAG) to provide custom safety mats designed specifically for our competitions.

ROUND SAFETY MAT

Custom 2546mm circular landing area consists of a staged combination of open and closed celled foams and a high quality constructed pvc vinyl cover formation with venting for quick air release.

6x6m FLOOR

30mm thick mat flooring consisting of a combination of flame laminated closed cell foam and a high quality non-woven Polypropylene carpet.

PLEASE NOTE: ALL Aerial Addicts competitors, except the Elite category, are required to use the provided safety mat for their routine.

TECH RUNS

Please check your category below for details on allocated tech run. Tech runs will take place on the same day as your section, times will be provided to you in the lead up to the event.

STAGE TOUR Group orientation to view stage and rigging.	Aerial Minis Intermediate Amateur
2 MINUTE STAGE CHECK You will be allocated 2 minutes on stage to check your rigging and perform any major skills/drops you will be performing. This is not a full routine run.	Advanced (17 & under) Advanced (18 +)
FULL TECH RUN You will be allocated time on stage to check rigging requirements and do 1 full run through of your routine with your music.	MiniStars All Stars Elite

MUSIC

MUSIC REQUIREMENTS:

- Music is to be submitted via the competitors Dropbox folder (link provided after entry is submitted) by the due date. Music file is to be provided as an MP3 or WAV file only. Spotify, Youtube and Itunes links or screen recordings will not be accepted.
- Songs are not to include any explicit language or profanity.
- All music must be cut to the length of your routine – our event staff are not able to fade the music at a requested time.
- Songs are to be acquired legally and not converted from YouTube videos. It is your responsibility to ensure music adheres to copyright laws.

PLEASE NOTE:

- **Late submissions** of music will result in a **2 point deduction** from routine score.
- **Music with explicit language** will result in a **2 point deduction** from routine score.
- If music is not submitted correctly, event organisers can purchase song for \$15. If cutting is required an additional \$50 will be charged.
- Please have a **backup copy of your music on a USB** with you on the day.

ROUTINE LENGTH

The following time lengths apply to aerial addict routines.

Category	Minimum	Maximum
Aerial Minis MiniStars	2 minutes	3 minutes
Intermediate Advanced (17 & Under) Amateur Advanced (18 +)	2 minutes	4 minutes
All Stars Elite	3 minutes	5 minutes

PLEASE NOTE:

- If your routine is either more than 10 seconds **under or over** the required length, a **2 point deduction** will be taken from your routine score.

COSTUMES & PROPS

- All costumes worn by competitors must be appropriate in regard to suitability for use on apparatus and meeting expected performance standards (e.g. no loose or ill-fitting and no nudity).
- Due to the matted floor no hard shoes or heels are permitted to be worn.
- All props for intended use on the matted floor, must be submitted for approval to ensure they will not damage the mats.
- Glitter, confetti, pyrotechnics, explosives or any props that will require cleaning after a performance are **NOT** permitted.
- No human props are permitted - with the exception of the Open Apparatus Performance section.
- The performance area is restricted to the stage space (i.e. no running into the audience).
- All costumes, props and apparatus supplied by the competitor are the responsibility of the competitor. Please do not touch other people's equipment or belongings without permission.
- All props must be clearly labelled with competitor name and studio name.
- A maximum of 30 seconds will be allocated per performer to set up any pre-approved props. If props are not ready when the competitor has been cued to go on stage, they will be expected to continue without such props.
- Props must be removed from the side stage at the completion of the competitor's performance. Any props left on site at the end of the competition (unless organised with the event director) will be disposed of.

PLEASE NOTE: Use of **inappropriate costume** including intentional partial or full nudity will result in a **5 point deduction** taken from your routine score.

JUDGING CRITERIA & SCORING

Bend The Air's judging system provides a score out of 100 for each competitor. This is based on the below general judging criteria categories (i.e. 25 points - Difficulty, 25 points - Execution, 25 points - Artistry), plus a 25 point technical score, based on routine criteria set out in the competition kit. Each competitor will receive an Audio Critique from the Judge as well as a judging Score card with an overview of your marks after the competition.

ROUTINE CRITERIA & TECHNICAL SCORING

The following section of the competition kit outlines the routine requirements and restrictions for each category. In addition to the general judging criteria outlined above, competitors will also receive a 25 point technical score that is based on these requirements and restrictions. Technical scores start at 25 points with deductions being made as listed in the following judging sheets, for both restricted moves being included and required moves being missed.

These categories have been carefully thought out to ensure that competition sections are appropriate to skill level. Please ensure that you carefully read the technical criteria for your category and choreograph your routine accordingly.

DEDUCTIONS

Other deductions that will be taken from your technical score that have been stated in other sections of this competition kit include:

Use of inappropriate costume including intentional partial or full nudity	5 Points
Late music submission	2 Points
Explicit language in music	2 Points
Routine length more than 10 seconds shorter or longer than stated minimum/maximum requirements	2 Points

In each category, deductions are made for falls. The two types of falls defined will incur the following deductions:

Falls with no re-catch (to the mat/floor)	Points will be deducted only if you are to fall from your apparatus to the mat/floor.	10 Points
Falls with catch (recovery).	Points will be deducted if you are to fall from your apparatus but are able to recover by re-catching.	5 Points

MINISTARS (12 & UNDER): LYRA

MiniStars are some of Australia's exciting new talents and are excelling at a young age in a specific apparatus. To qualify for this category competitors must show a clear knowledge and safe use of their chosen apparatus in the audition process. Bend the Air reserves the right to refuse entry into this level to any applicant if they are deemed 'high risk' or haven't achieved the maturity required for included skills. The goal of 'Bend the Air' is to run a safe and supportive event for aspiring circus artists to hone their skills. Safety is paramount and will always be considered first before anything else.

Should the aspiring MiniStar competitor not be ready in the opinion of the 'Bend the Air' Team the competitor will have the option to simplify their routine into the 'standard' Aerial Mini sections requirements.

A safety mat is required for all Aerial Mini Routines. BYO apparatus is optional.
