Mat has built a strong reputation within the entertainment industry and continues to be recognised as a skilled and respected performer. However, he measures success not by personal milestones, but by the opportunity to collaborate with world-class athletes and performers at the highest level.

NATIONAL FINALS JUDGE

Meaghan Wegg

Meaghan is a versatile circus artist and coach with a passion for choreography. She honed her skills in aerial hoop and contortion performance at the select-entry Ecole Nationale de Cirque (ENC) in Montreal, graduating both from their high school program and subsequently their college diploma in 2005. Meaghan then embarked on a successful career as a principal dancer and circus artist, performing worldwide in various productions including Cirque du Soleil's 'Quidam' as an aerial hoop artist and acrobatic dancer.

Transitioning to coaching and choreography, she returned to ENC and obtained a coaching diploma in 2013, specializing in acrobatic research and hand to hand transitions. Meaghan now works as a private coach and choreographer, attracting students globally. She also created and now manages "Aerial Arts" globally, a division of Acrobatic Arts focused on safe teaching of Aerial Hoop and Silks. She founded "The Academy", a leading circus training facility in South-Western Ontario, with locations in London and Clinton. With a wealth of experience, Meaghan has choreographed shows and worked on projects internationally, including Elekron in Macau, and the Ambani wedding in India. Meaghan created the WeggSphere, a visually appealing ground-based apparatus inspired by the aerial hoop. This meticulously crafted design combines functionality and aesthetics seamlessly. Based in London, Ontario Canada, she now enjoys a settled life with her small family and is dedicated to welcoming aspiring performers into the industry, sharing invaluable tips and tools to help make their dreams a reality.
